TEN CENTS PER WEEK

JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, SEPTEMBER 9, 1903.

PRICE THREE CENTS

ARE HIDING IN MOUNTAINS

FLEEING FROM THE RATH OF TURKS

Forcibly Set on Fire and Fugitives Who Attempt to Escape are Killed—50,000 Bulgarians Massacred by Turks.

Sofia, Bulgaria, Sept. 8.—The Macedonian interior organization estimates 150,000 women, children and old men are hiding in the mountains and forests of Macedonia. Turks are burning forests and killing fugitives who attempt to escape to the plains. The village of Gopsh was burned by Turks, who are reported to have thrown several inhabitants into the fire. Bashli-Hazovski destroyed the village of Stolo near Malkoternovo. Thirteen thousand Turkish soldiers are assembled on the frontiers at Palanke, Karatovo and Gotschani, and plundering surrounding villages. In the district of Debrist soldiers are reported to be naked and starving and to be robbing all around. A famine prevails in the district of Krushevo and the population is going into adjacent districts.

All reports from the village of Monastir agree in describing the situation as appalling. Between 30,000 and 50,000 Bulgarian inhabitants are believed to have been massacred by Turks and every Bulgarian village in the village has been destroyed. Refugees in mountains and forests are dying of starvation by the thousands. Revolutionary headquarters estimate 30,000 Bulgarian men, women and children have been killed, while at least the same number of refugees are slowly perishing of hunger. In official circles these figures are regarded as an underestimate and officials incline to believe that the number massacred exceed 50,000. Turks are apparently determined to exterminate the entire Bulgarian population of the vilayet. Actual details of happenings outside the town are not available. In government circles here the situation is viewed with increasing alarm. It is reliably reported Turkish forces in Macedonia number 300,000. It is considered impossible such a force to have been assembled merely to crush the rebellion. It is feared the sultan is meditating an attack on Bulgaria. According to a telegram from Constantinople the porte has issued an unconditional order all European correspondents must leave Macedonia because they are circulating false news. Ambassadors have been notified of this decision.

NEW DEVELOPMENTS.

London, Sept. 8.—Everything seems to point to new and terrible developments in Macedonia. On the top of appalling accounts of results of Turkish methods of "restoring order" the vilayet of Monastir comes a threat by insurgents to resort to reprisals on the same scale. The porte's anxiety, to suppress news by expelling newspaper correspondents is held to have but one meaning. Papers comment upon the significance of the news, first published by the Associated Press, that Russia and Austria are seeking to persuade the powers to coerce Bulgaria as showing belief war is inevitable.

The Standard's Constantinople dispatch says: "Turks much disturbed by the presence of American warships at Beirut are making every effort to have them recalled. In spite of all assertions that the United States only intends to have them there for simple protection of rights of her citizens, it is quite possible, the dispatch or warships may initiate action leading much further."

NEW CANAL TREATY.

Bogota, Saturday, Sept. 5.—The bill which congress is now discussing authorizing President Marroquin to negotiate a new canal treaty with the United States contains among other stipulations the following: Perpetual use of the canal zone is granted provided that at the expiration of each 100 years the United States shall pay during the succeeding 100 years 25 per cent more premium and rental than for the preceding term, the premium beginning at \$400,000 and rental \$400. Twenty million dollars is fixed as the price of concession, besides rental (sum) of \$10,000,000 payable by the canal company, in consideration of Colombia's approval of the transfer of shares.

WRIGHT'S FINDINGS.

Scranton, Pa., Sept. 8.—Carroll D. Wright, umpire to whom was referred disputes between the operators and mine representatives on the board of conciliation, filed his findings to day. Dealing with the question of employers' right to discharge men for any cause other than of connection with a labor union, Wright declares the right of an employer to discharge without giving cause of charge is sustained by the award of the commission. Regarding alleged discriminations by certain companies the umpire does not sustain complaints.

NEW TRIAL REFUSED.

Beaumont, Sept. 8.—Judge Thompson to refused a new trial to the convicted men and sentenced them to Chester Penitentiary except Beasie Armstrong, who was sent to John. They will be hanged on Monday.

BROKE RECORDS.

Lincoln, Neb., Sept. 8.—Cresceus broke all records for half mile track this afternoon at the state fair grounds, lowering his own best previous time of two weeks ago at Dayton, Ohio, half a second.

He covered a mile to day in 2:08 1/2. Cresceus was accompanied by two runners and an automobile. The time by quarters was: 3.10, 1.36, 2:08 1/2.

UNDER BOND.

New York, Sept. 8.—George W. Beavers, former head of the salary and allowances division of the postoffice department at Washington, surrendered himself in the office of United States Commissioner Hitchcock, of this city, to day. He gave \$5,000 bail for appearance before Hitchcock Sept. 15.

IN CHICAGO.

Chicago, Sept. 8.—William Marconi, the wireless telegraph inventor, paid his first visit to Chicago to day, stopping over for a couple of hours, while on his way from St. Louis to New York. While here he sent a wireless message to Milwaukee and received one in return.

FARMERS' COMBINE.

Chicago, Sept. 8.—A mutual protective society of farmers with incorporated capital of \$1,000,000 is the plan proposed at a convetino held here to day. The intention is to amalgamate various producers' organizations now having a total membership of \$500,000. Final plans were not completed when the convention adjourned to day, but consideration will be resumed to morrow.

CASS COUNTY FARMERS.

Ankland, Ind., Sept. 7.—The Cass County Farmers Institute and Farmers Alliance association will convene in the city on Monday, Oct. 13. It is the first annual convention.

KILLED BY THE TRAIN

Horse Threw G. W. Boss in Middle of the Track.

Beardstown, Ill., Sept. 7.—George Washington Boss, stepson of William Henry, of East Beardstown, who was working for T. C. Launer near Arenville, was struck by an engine which was coming from Greenfield to Beardstown, Monday morning, at the C., B. & Q. railroad crossing near Arenville. He was riding a horse and thought he could get over the crossing before the engine, when he saw that he could not beat the engine he tried to stop the horse, but failed until he got in the middle of the crossing, when the horse started suddenly, leaving the boy on the track. The engine struck him as he regained his feet, knocking him against a fence and killing him instantly.

KELTNER DEAD

Fireman Died From Injuries in Wreck—Story of Disaster.

Fireman C. C. Keltner, who was so terribly burned in the explosion of engine 341 near Greenview Sunday morning, died from his injuries early Monday morning at Passavant hospital.

The remains of Engineer Upton, of Bloomington, who was killed by the explosion, were taken to Bandford, Pa., where the interment took place. He is survived by a wife and two children. He carried \$7,000 life insurance.

The remains of Fireman Keltner were taken to Indiana on the afternoon train Monday, where they were interred. A further description of the terrible accident is contained in the following:

"When the partly demolished train came to a standstill amid the wreck and steaming debris of the big locomotive, it was a heart-rending sight which greeted the first spectators to reach the scene. The main trucks of the engine were turned at right angles with the track, while the boiler was blown over in the corn field north of the track, a distance of 150 feet, where it struck the ground and turned clear over. The fire box was blown south of the track over a pasture, a distance of 175 yards, while other parts of the engine were found 250 yards from where the explosion occurred. There were four cars demolished, while another car was derailed. The shock of the explosion was felt in the city of Greenview.

"Conductor Thompson, of the freight train, was the first person to reach the wrecked engine. His very first thought was to discover the whereabouts of the engineer and fireman and to save their lives if possible. He soon discovered Engineer Upton lying just outside the right of way, over a barbed wire fence in a corn field. A glance told him that the engineer was dead, and Conductor Thompson began to look for the fireman. He went to the other side of the track and found Fireman Keltner lying there amid the debris unconscious and burned in a fearful manner.

"The force of the explosion was terrible, hurling the boiler some 100 yards to the northwest, where it lay a twisted and hardly recognizable mass of iron and pipes in a corn field. When it fell it landed perpendicularly and tore up a large part of the earth, then fell over on its side. Across the track from this corn field is a large pasture belonging to Homer Tice. About 150 yards from the wrecked engine was the crownsheet and firebox, so large that had a house stood in its path it would have crushed the dwelling to small particles. A long distance from this down slope of a hill in the same pasture was found the bell, while bits of sheetiron, asbestos lining, pipe, bolts, screws, etc., were strewn all over the northeast end of the pasture. Many of these pieces were picked up and carried off by relic hunters."

SOUND MONEY LEAGUE.

Oyster Bay, Sept. 8.—The sound money league committee to day decided to give a dinner in Washington later in the fall instead of New York in order to insure the presence of President Roosevelt. The president said he could not attend the dinner in New York, but would if given in Washington. The committee presented the president a handsome campaign badge of the organization for next year. It is probably the first 1904 campaign badge issued.

SENIOR BISHOP.

New York, Sept. 8.—The Right Rev. Daniel Sylvester Tuttle, bishop of Missouri, became senior bishop of the Protestant Episcopal church by the death of Right Rev. Thomas March Clark, bishop of Rhode Island. Tuttle was consecrated bishop in 1887.

POSTOFFICE CLERKS.

Nashville, Tenn., Sept. 8.—To day's session of the convention of postoffice clerks heard reports of officers and committees. The eight-hour bill was endorsed and classification bill reported.

AT TORONTO.

Washington, Sept. 8.—A dispatch to the postoffice department announces that Leopold J. Stern, indicted several weeks ago for conspiracy in alleged fraudulent contracts furnishing the carriers with stamps to the government, is now at Toronto.

INDICTMENTS RETURNED

IN CONNECTION WITH POSTAL FRAUDS.

Officials Refuse to Discuss the Names or Details of Indictments—Arrests are Expected to Occur To Day.

Washington, Sept. 8.—After deliberating for several weeks over a mass of documents submitted by postoffice inspectors the federal grand jury to day returned seven indictments in the postal cases, involving six persons. All indictments were kept of public record and both officials of the district attorney's office and of the postoffice department refused to discuss the names or details of the indictments until the parties indicted are arrested. The identity of the indicted individuals is thus left a matter of conjecture. It is expected arrests will occur to morrow morning and the postoffice department will have some announcement to make during the afternoon.

The grand jury's action probably marks the beginning of the end of investigations that have been in progress since the middle of last March. Several of those indicted to day live outside of Washington. They will be arrested as soon as bench warrants can be served.

Postmaster General Payne and Fourth Assistant Postmaster General Bristow received word of the grand jury's action shortly after that body reported and subsequently had a long conference. Both officials refused to divulge details pending official notification of arrest.

Two other important events occurred to day in the postal inquiry. Leopold Stern, a Baltimore contractor, who disappeared from Baltimore before he could be arrested on an indictment returned July 31 last, was located at Toronto and the long delayed surrender of George W. Beavers, former head of the salary and allowance division, to New York authorities, took place. Postal officials had been searching for Stern ever since he disappeared and finally received word from Canadian authorities that he is in Toronto. They expressed considerable vexation at premature publication of his whereabouts on account of the problem of extradition that now confronts the government and possibility of his making good his escape now that the information has become public in advance of readiness of authorities to effect his arrest. The question has been taken up with the state department. The case has features similar to the Greene-Gaynor case. It was then contended that conspiracy was not extraditable, but the state department took the view the acts themselves involved alleged embezzlement, and constituted extraditable offenses. This involves the drafting of a new complaint to present to the Canadian authorities, as condition precedent to demanding arrest and surrender of Stern.

REFUSED ALL CALLERS.
Toronto, Ont., Sept. 8.—Stern declined to be seen when a reporter called at his home to day. He referred all callers to his attorney. Stern's lawyer said his client was ready to appear before the extradition judge and prove his innocence, which is interpreted as declaration extradition proceedings will be fought to the end.

WON AGAIN.
New York, Sept. 8.—The Picket, this year's American derby winner, added another stake to his list by winning the September stakes for 3-year-olds at Sheepshead Bay to day. African second. The Picket umped away in front and making all the pace, won handily. Time, 2:20 3/5.

STEAMER SAFE.
Detroit, Sept. 8.—The Journal's Lexington, Ont., correspondent informed the paper by long distance telephone this morning that the steamer Louise, reported last night from Sandusky as missing, left Lexington at midnight for Sandusky.

DISBURSING OFFICER.
Washington, Sept. 8.—The secretary of the treasury has appointed Robert Fullerton, of Des Moines, Iowa, disbursing officer to disburse \$5,000,000 appropriated by congress in aid of the St. Louis exposition.

FIRE AT PIQUA.
Dayton, Ohio, Sept. 8.—At 1 o'clock Wednesday morning fire in Piqua, which originated in Sexton's livery stable, destroyed that and a block of business houses adjoining. Loss \$150,000.

FIRE.
Pittsburg, Sept. 8.—Fire which broke out in the large stable of the Allegheny Transfer company at sixteenth and Liberty streets at two this morning resulted in loss of \$200,000. Distributed over the greater portion of the block bounded by sixteenth and seventeenth streets and Liberty street and Third alley. There were 22 horses in the stable and fully 5000 worth of property was destroyed.

NEW WAR BALLOON.
Captain Romeo Frassinetti of the First regiment of Italian infantry, stationed at Ravenna, has constructed a new balloon, which probably will be adopted by the Italian minister of war, says the Rome correspondent of the New York World. It is spindle shaped, but has a series of aeroplanes, some horizontal, others vertical, by manipulating which it can be made to ascend obliquely as well as vertically. The inventor has also applied some properties of a new kind. He asserts that the balloon can travel at the rate of thirty miles an hour for forty consecutive hours.

Spain's Naval Plans.
The war ships and torpedo boats planned by the Spanish government would cost \$50,000,000. Before beginning on them the wharves and arsenals of Cadix, Ferrol and Cartagena, all of which are in a deplorable condition, are to be repaired.

Washington, Sept. 8.—The secret service has received a new counterfeit \$20 national bank note on the Mechanics National bank of New Bedford, Mass. The serial is of 188, check letter H, charter No. 749; Bruce, signer; Wyman, treasurer of the United States. It is a good photograph of a genuine note, on fine, heavy paper, and is well counterfeited with blue ink.

MONUMENT UNVEILED

The Battle of Lake George Commemorated by a Beautiful Shaft.

Lake George, N. Y., Sept. 8.—In the presence of thousands of people from the surrounding country and the governors of New York, Massachusetts and Connecticut and representatives of patriotic societies of New York and New England, the bronze memorial commemorating the battle of Lake George was unveiled to day. The figures of the monument represent Indian Chieftain King Hendricks, demonstrating to General Johnson the futility of dividing his forces. The figures which stand on the granite pedestal are nine feet high. The day's ceremonies began with a review of troops by the quartet of governors.

The oration of the day was delivered by Senator Chauncey M. Depew. Addresses were delivered also by Governors Odell, of New York; Chamberlain, of Connecticut; McCullough, of Vermont, and Lieutenant Governor Guild, of Massachusetts. A letter from President Roosevelt expressed regret at being unable to be present and commended the object of erecting the monument.

Lieutenant Governor Guild in his address made a vigorous defense of the state militia, saying: "Never has there been a time when the citizen soldier, soldier of the people, deserved more earnest support than to day. It is bad enough some half educated socialists should have to be compelled by law of the empire state to desist from blacklisting national guardsmen. It is worse that merchants in Philadelphia should discharge from their employ clerks and assistants who obey their oaths as citizens and become soldiers only for the prevention of arson and murder. It is worst of all that the very men who in times of crisis are first to seek protection, at all other times discouraged enlistment of their own flesh and blood and greet with a cynical but not unsympathetic smile from the club window and cry "Thin soldier" that greets the passing regiment from the gutter."

THE PRESIDENT.
New York, Sept. 8.—President Roosevelt arrived at Hoboken station by Delaware, Lackawanna & Western railway at 7:15 a. m. to day on a special train, which left Syracuse last night. Fifty minutes later, accompanied by Jacob A. Rils, Dr. Stokes and Secretary Loeb, the president left the train and boarded the railroad tug at Scranton. He was heartily cheered by the crowd in the ferry house and on departing of the ferry boat, and was evidently pleased with his reception, shouting out, "Good luck, good luck, thank you for your greeting." The tug proceeded around the battery and up East river to Long Island City to place the president on a train for Richmond Hill.

RAILROAD WRECK.
Three Rivers, Mich., Sept. 8.—A Lake Shore & Michigan Southern passenger train crashed into a freight here to day. Several persons were injured, but none fatally.

Novel Bridge For New York.
The new bridge that is to be built over the East river between the foot of Pike street, Manhattan, and Brooklyn is planned on unconventional lines, says Harper's Weekly. According to the plans of the bridge commissioner, the superstructure of the main spans is to be suspended from link, or eye bar, cables having fixed connections at the tops of the towers and at the anchorages. This will do away with the trusses that are used on most bridges for stiffening and at the same time will give ample strength to the structure. The elevated trains will run on tracks above the trolleys. The promenade will be on the outside of the roadway, while the driveway will occupy the center of the bridge. An unusual feature will be a large hall built inside of each anchorage, to be devoted to public use under the direction of the city officials.

New War Balloons.
Captain Romeo Frassinetti of the First regiment of Italian infantry, stationed at Ravenna, has constructed a new balloon, which probably will be adopted by the Italian minister of war, says the Rome correspondent of the New York World. It is spindle shaped, but has a series of aeroplanes, some horizontal, others vertical, by manipulating which it can be made to ascend obliquely as well as vertically. The inventor has also applied some properties of a new kind. He asserts that the balloon can travel at the rate of thirty miles an hour for forty consecutive hours.

Spain's Naval Plans.
The war ships and torpedo boats planned by the Spanish government would cost \$50,000,000. Before beginning on them the wharves and arsenals of Cadix, Ferrol and Cartagena, all of which are in a deplorable condition, are to be repaired.

Washington, Sept. 8.—The secret service has received a new counterfeit \$20 national bank note on the Mechanics National bank of New Bedford, Mass. The serial is of 188, check letter H, charter No. 749; Bruce, signer; Wyman, treasurer of the United States. It is a good photograph of a genuine note, on fine, heavy paper, and is well counterfeited with blue ink.

Washington, Sept. 8.—A cablegram from the Turkish foreign office to Chebek Bay, Turkish minister here, gives the following version of the trouble at Beirut Sunday reported by Admiral Cotton in his dispatch to the navy department:

"Some Christians of Beirut attacked four Mussulmans and during the melee which followed four persons were injured. Two are dead."

The minister called on Secretary Fay during the day and gave him the contents of the dispatch.

Laramie, Wyo., Sept. 8.—The board of trustees of the University of Wyoming elected Prof. Chas. E. Lewis, of Morris Hill college, Morris Hill, Ind., president of the university.

FIERCE RIOTING AT BEIRUT

THE CITY IN A STATE OF WILD PANIC.

Musselmans and Christians Engage in a Desperate Hand to Hand Conflict—Many are Killed and Wounded.

Constantinople, Sept. 8.—A consular dispatch from Beirut received by one of the embassies here states a fierce brawl occurred there Sunday between parties of Mussulmans and Christians, due to a shot fired by a Mussulman upon a Christian employed at the American college. The Christian was wounded. The fight broke out while the vessel was on board the United States cruiser Brooklyn, returning Admiral Cotton's visit. No further details. n. diplomatic circles here the affair is regarded as being serious and renewal of disturbances feared.

Paris, Sept. 8.—Official advices received by the foreign office here give brief details of the outbreak at Beirut. The killed number five or six and many persons were wounded. The city is in an intense state of excitement. The outbreak occurred during the night of Sept. 6, between Christians and Mussulmans. Fighting was furious, firearms and knives being used. The Italian consul rescued one of the Christians, who had been the door of the consulate.

Constantinople, Sept. 8.—Official version of the Beirut affair telegraphed later to the Ottoman ambassadors abroad for communication to powers says the Christians were the assailants, they having fired upon four Mussulmans. A fight ensued, during which the Mussulmans and Christians came to the assistance of their respective compatriots. This, says the report, compelled the troops to intervene and thus succeeded in restoring order. Three soldiers were wounded and one killed, while one Christian was killed and one wounded. These figures are evidently incorrect, as the rioters must have lost more heavily than the military. The British consul at Beirut immediately after the riot called upon the velle and threatened to ask Rear Admiral Cotton to land marines from the American squadron in the event of renewal of disturbances. In official circles the disturbances are attributed to arrival of American squadron and belief is expressed the Christians at Beirut are endeavoring to bring about a landing of marines from warships.

Washington, Sept. 8.—The state department received a cablegram from Lelschman at Constantinople in which he says a riot occurred yesterday at Beirut in which seven Christians were killed and several injured. Two house occupied by Christians were pillaged by soldiers. Panic is general. An officer and signal man from Admiral Cotton's fleet are now in the consulate, and investigation of conditions at Beirut are being made by the flag lieutenant, Consul Rhinadot, and other consular officers. Lelschman says the origin of the trouble is not distinctly stated by the over consul. He further says it is claimed by the subtitle porte that the force now there is sufficient to guarantee the safety of the city. Additional instructions have been sent Lelschman along lines to the protection of American citizens.

The navy department received a cablegram from Cotton at Beirut saying he is prepared to land a force to protect property of American citizens if the situation demands.

Beirut, Sept. 8.—A dispatch to the Lokal Anzeiger from Constantinople says thirty Christians, among them several Europeans, were killed during the rioting at Beirut. The foreign office here received no news tending to confirm the report.

THE U. S. BLAMED.
Berlin, Sept. 9.—Newspapers this (Wednesday) morning commenting on Sunday's outbreak at Beirut throw the blame for the occurrence on the United States. The Lokal Anzeiger says: "Now that Americans have their dead they will enquire whether they were responsible for the effervescence in Beirut. By the unprecedented action of their minister in Constantinople and their naval demonstrations the yarning of the United States to mix up in European politics has found some justification."

The National Zeitung says: "It can be seen how serious it is, in view of excitement in the east to spread incorrect or bad translations of cipher reports."

A TURKISH VERSION.
Washington, Sept. 8.—A cablegram from the Turkish foreign office to Chebek Bay, Turkish minister here, gives the following version of the trouble at Beirut Sunday reported by Admiral Cotton in his dispatch to the navy department:

"Some Christians of Beirut attacked four Mussulmans and during the melee which followed four persons were injured. Two are dead."

The minister called on Secretary Fay during the day and gave him the contents of the dispatch.

Laramie, Wyo., Sept. 8.—The board of trustees of the University of Wyoming elected Prof. Chas. E. Lewis, of Morris Hill college, Morris Hill, Ind., president of the university.

STAND GAVE WAY

Accident During a Sham Battle—Twenty-Four Injured—Three May Die.

Leavenworth, Kan., Sept. 8.—A grand stand erected on knoll of the Fort Leavenworth reservation gave way this afternoon during a sham battle by regular troops, injuring twenty-four persons, three of whom may die. The stand was put up this morning. Fully 1,500 people crowded onto it. There was a heavy artillery duel with siege guns. Three battalions of infantry were using black powder. Some one announced the cavalry were emerging from a ravine to charge. People on the stand jumped up to see them through the smoke. The entire stand went down with a crash. The utmost confusion followed, accompanied by shrieks of victims. The confusion was indescribable until soldiers formed a line and kept back all not injured or caring for injured. The battle, which was at its height on the opposite side of the road, was called off at once and soldiers began taking care of the injured. Ambulances were used to convey people to the city hospitals and within an hour after the accident the injured had all been removed.

WAS MURDERED.

Baltimore, Sept. 8.—Charles Jones, a colored boy 12 years of age, confessed to the police to day he murdered Miss Caroline Link, Aug. 28, of this city, giving details of the crime. Miss Link was found in a dying condition in the candy store of her employer at an early hour the morning of the day named. It was first supposed she had fallen and fractured her skull. She died without returning consciousness. The boy said he entered the store to tap the till and finding Miss Link there struck her on the head twice and ran away.

APPOINTMENTS.

Washington, Sept. 8.—The president has made the following promotions and appointments in the diplomatic service:

John W. Riddle, of Minnesota, now first secretary of the embassy at St. Petersburg, to be consul general and diplomatic agent at Cairo, Egypt, in place of John G. Long, deceased.

Spencer F. Eddy, of Illinois, now secretary of the legation at Constantinople, to be first secretary of the embassy at St. Petersburg.

Peter A. Jay, of Rhode Island, now second secretary of the legation at Constantinople, to be first secretary.

Ulysses Grant Smith, of Pennsylvania, to be second secretary of the legation at Constantinople.

SITE ASSIGNED.

St. Louis, Sept. 8.—Twenty-five thousand square feet on the hill just east of the art hill on the world's fair grounds was assigned by the exposition management as a site for the demonstration building of the Marconi wireless telegraph. From here, wireless messages will be flashed during the fair across many miles of land and sea to far distant corners of the old world.

OPPOSED TO IT.

Leicester, England, Sept. 8.—At to day's session of the Trades Union congress, President Hornidge declared that Colonial Secretary Chamberlain's suggested changes in the British fiscal policy would likely be most detrimental to the best interests of the nation. A resolution condemning the proposed changes was adopted, with only two dissenting votes. The resolution will be communicated to the colonial secretary.

SENTENCED.

Topeka, Kans., Sept. 8.—Judge Hazen to day sentenced Mine Operators John Jack and John Bell until such period as they might conclude to answer questions of attorneys in the court trust inquiry. The men refused to testify on the theory it might incriminate them. The prisoners will appeal to the supreme court.

PAY INCREASED.

Topeka, Sept. 8.—The Santa Fe Railroad company announced to day a wage increase of two cents per hour for boiler makers, machinists and blacksmiths at all shops on the system proper between Chicago and Albuquerque. This means increased expenditure by the company of \$200,000 yearly.

BICYCLE RACE.

Salt Lake, Sept. 8.—The six-days' bicycle race of one hour each day was started at the salt palace track last night. Eight of the dozen starters finished the first hour, during which twenty-five miles and four laps were covered. J. F. Fisher, of Chicago, finished first.

CALL ISSUED.

Chicago, Sept. 8.—Oliver W. Stewart, chairman of the national Prohibition committee, has issued a call for that committee to meet at Chicago Dec. 10, 1903, for the purpose of fixing the time and place for holding the next national Prohibition convention.

WEST JACKSONVILLE.

Services for Sunday, Sept. 12:
Ebenezer—Sunday school, 9:30 a. m.; preaching at 10:45 by Presiding Elder Dr. W. F. Short; Epworth league, 7:30 p. m.
Wesley Chapel—Sunday school, 2 p. m.; preaching, 3 p. m. The quarterly business meeting will be held Saturday, Sept. 12, at 2:30 p. m., at the Y. M. C. A. rooms.
The W. F. M. S. of Point church met with Mrs. Robert Ransom Thursday afternoon last. A goodly number were present and a very enjoyable time was spent by all. A literary program was furnished, then came the social hour, after which refreshments were served.
The Junior league of Ebenezer church held an open meeting Friday evening, Sept. 4. This closed the work of the Juniors for the summer. The program rendered showed that the children had been doing good work under the direction of the efficient superintendent, Miss Annetta Blackburn.
A new organ has recently been placed in Ebenezer church. This was purchased by the Epworth league.
Don't forget the burgoon supper at Point church Thursday evening, Sept. 10. Supper served from 3 to 9 o'clock.

"A JOLLY BUNCH."

Miss Idyll Rufus delightfully entertained a small company of friends Sunday in honor of her cousin, Miss Flora Louise Kleykamp, of St. Louis. The afternoon was pleasantly spent in music and singing. Among the most pleasing features of the evening was a vocal duet rendered by Messrs. C. W. Rufus, L. O. Bingham and A. J. Coker. Late in the afternoon delightful refreshments were served on the lawn. Afterwards they all enjoyed a delightful buggy ride; and they all enjoyed the day a grand success.
Among those present were: Miss Flora Louise Kleykamp, of St. Louis; Miss Daisy, Alice and Mabelle Chadband, of Bloomington; Misses Edna and Wave Mertyl Salyers and Idyll Lea Rufus, of this city; Miss Pearl Salyers Coker, of Piquette; Messrs. C. W. Rufus, of St. Louis; B. C. Lair, Jacksonville; E. Craig, Woodstock; L. O. Bingham, St. Louis; A. L. Coker, Piquette, and D. Shields, Decatur. The event will long be remembered by all.

One Who was There.

EAST SIDE TUESDAY CLUB.
The East Side Tuesday club met Tuesday afternoon with Mrs. Wallace Brockman on Hardin avenue. This is the first club to begin the season's work and after the summer's vacation a large attendance gathered at the meeting yesterday and an informal program was carried out which proved most interesting. Each member in response to her name at roll call spoke of the manner in which she had spent the summer, citing the things of interest that had transpired and the various reports of travels and vacations afforded material that made the meeting a most enjoyable one. The club this winter will take up the study of Holland; her people and their customs.

CIGAR CRITICS.

Smokers who are particular; who have peculiarities of taste or liking regarding cigars, can now obtain a cigar which is accredited with meeting the fancy and desires of discriminating smokers, better and to a larger extent than any yet placed on sale. This new and worthy candidate for popular favor is the James G. Blaine five-cent cigar, and is sold by all leading dealers. Uniformity, pleasant aroma and satisfying qualities are the striking features which have typified this new brand as the greatest of them all.

GEORGE COMES BACK.

E. P. George, who formerly was in the employ of Dr. W. A. Gray at the Grand opera house and who left very suddenly about three weeks ago, came back to the city yesterday with Dr. Gray, who had located him in Peoria. The discrepancy in his accounts while employed as clerk at the Grand hotel have been satisfactorily arranged and he will take up his work again at the opera house in the capacity of assistant about the building.

HIKERS' ANNUAL SUPPER.

A full attendance of the Hiking club gathered at the home of Miss L. Wood Tuesday evening and after a short talk about the club's work of the city, they returned to the city of a beautiful supper. The supper was prepared at the home of Mrs. L. Wood and the remainder of the evening was spent in a very enjoyable manner.

CALHOUN FOR YATES

Resolution Strongly Urging the Governor's Candidacy for Renomination Passed.

Although Governor Yates has not publicly announced his candidacy for renomination, a Republican convention in Calhoun county passed resolutions strongly endorsing him. Calhoun is one of the nineteen counties in the state not under township organization and each of these counties will hold a convention this year to nominate a county commissioner. The Calhoun county convention was called by the Republican county central committee for that purpose, and when the business of the convention was concluded the Yates resolution was unanimously adopted by a rising vote.

TEXT OF RESOLUTION.
The convention was held at Fielding, D. L. Wood, of Hamburg, was chairman and W. U. Mortland, of Hardin, was secretary. C. H. Becker, of Hardin, was the nominee for county commissioner. The text of the Yates resolution is as follows: "Whereas, the county of Calhoun was the first county in the state four years ago to endorse the candidacy of Richard Yates for governor, we still have an abiding faith in the wisdom of our action at that time. He has come fully up to the expectations in the discharge of the great duty that has devolved upon him.

CANDIDACY IS ENDORSED.
"He has given the people of the state of Illinois a wise, patriotic and clean administration. He has been brave and fearless in the discharge of his duty, diligent and untiring in guarding the people's interests. His administration commends itself to all our people. Our faith in Richard Yates is now as strong, and even stronger, than it was four years ago; therefore, be it
"Resolved, That, the Republicans of Calhoun county, in convention assembled, do endorse the candidacy of Gov. Richard Yates to succeed himself and will use all diligence and honorable means within our power to accomplish this result."

LYNNVILLE.

A union meeting of our two churches was held at the Christian church Sunday morning, at which Rev. Mr. McCoy, a returned missionary from Chicago, gave a very interesting address on the outlook in that far away country. Bros. Wylder and J. W. Camp assisted in the service.

A goodly number from here attended the big show in Jacksonville last week. Some were especially interested in Diavolo, the "loop the loop man" and some went to "take the children."

Those attend the Labor day celebration at Peoria were J. W. Pot and three eldest daughters, and Roy Heaton. Mr. Smith opened his term of school at Riggsford Monday morning.

Miss Mabel and Karl Gordon went to Sandvick, Ill., last week, where they will attend high school.

Mrs. J. W. Camp and wife and Mr. and Mrs. J. H. Campbell returned from the state meeting of the Disciples of Christ at Peoria and gave a report Sunday evening of the good things heard there.
Morcy Dickinson was called to Modesto by the illness of his only sister, Mrs. Loomworth, last week.

Miss Jane Riggs was able to return home Saturday from Passavant hospital, where she recently underwent an operation.
Mrs. E. W. Crum and little son from Manchester, were visitors here the first of last week.
H. H. Harris spent Tuesday and Wednesday with friends in St. Louis.

Mrs. Charlotte Gordon was called to Peoria Friday by the illness of her daughter, Mrs. L. R. Day.
Miss Edith Campbell is visiting Dr. and Mrs. Crum in Manchester.
Charles Lazenby had the greatest yield of wheat in this vicinity, the average being 25 bushels to the acre.
A number in this vicinity intend shelling corn in the near future.

C. H. Gibbs has been having new shirts placed on his barn.
A number of young people were the guests of the Misses Potter last Thursday evening at watermelon party.
C. H. Gibbs and family spent Sunday with relatives in Jacksonville.
Mr. and Mrs. J. H. Allen visited relatives in Peoria last week.

The mission band of the Christian church will hold a social at the residence of Mr. and Mrs. J. H. Campbell Friday (the 15th). Everybody is cordially invited.

D. O. C. MEETING.

The Daughters of the Covenant of Centenary church held their regular monthly meeting Monday evening at the home of Mrs. George Chambers on South West street. After the regular routine of business a short program was carried out and the remainder of the evening was spent socially in a most enjoyable manner, excellent refreshments being served. The following program was given:
Devotional.
Roll call—Items on China.
A Step Forward—Miss Ida Goodrick.
Reading—Miss Clara Finlay.
Leaflet, "Our Blessings"—Miss Haingrove.
Mite box opening.
A souvenir card very handsomely designed was presented to each guest by the hostess.

CROP CONDITIONS

Report of the Weather Bureau for the Week.

The climate and crop report issued by the Illinois weather bureau for the past week is as follows:
Scattered showers, mostly of light character, occurred the latter part of the week, in portions of the central and northern districts; in the southern district drouth conditions continue in many localities, and vegetation is suffering for moisture. The temperature has been slightly below normal—too cool the first part of the week, a continuation of the fall of last week, but warming up considerably latter part. Fall plowing has been retarded in many portions of the southern district on account of the hard, dry condition of the ground, but elsewhere the soil is soft and friable and considerable progress has been made. Some seeding of wheat and rye has been done.

While the nights have been rather cool for rapid growth, corn has made fair advancement, and the weather conditions have been generally favorable. Some fields are matured and safe from frost. A considerable proportion of the crop is ripening and filling out well. Many correspondents report that the crop will be safe from injury in three weeks.

The threshing of oats is practically finished. In the northern district some damage has ensued from rain. Pastures, except in portions of the southern district, are in good condition. Clover hulling is yielding satisfactory results. Some timothy meadows have been seeded. Broom corn harvest is in progress with fair output. Vineyards are yielding fair returns. Plums of good quality and plentiful. The outlook for apples is unchanged, a light crop of indifferent quality in sight. Sweet potatoes are promising; Irish potatoes are being harvested, with yield below the average.

CENTRAL DISTRICT.

Fulton, Ellisville—Nights cool; corn ripening slowly; frost before Sept. 20 will injure some corn; fall plowing well along; some wheat sown; clover seed fair yield, but short acreage.—I. D. Cadwallader.

Green, Barrow—Corn green, much in the milk stage, will not be out of danger before Oct. 10; wheat land in good condition, seeding will begin about the 20th; clover seed good.—E. L. Atchison.

Jasper, Hidalgo—Corn maturing slowly, will not be out of danger before the 20th—some not before Oct. 1—the crop will be very fine if it matures; pastures good; no seeding being done, except timothy; ground in good condition; no fruit except a few apples of very poor quality; potatoes fine.—A. J. Lowe.

Jersey, Fieldon—Stubble breaking about completed; corn about ready to cut; clover hulling in progress; good yield; apples still dropping; no rain past week; sorghum, tobacco and sweet potatoes good; turnips fair; early potatoes medium.—W. J. Carroll.

Logan, Lake Fork—Weather warm and favorable for corn, which has made rapid advancement; pastures improved; fall plowing in full progress; corn, except the very late planting, will be safe by Oct. 15, some will be safe earlier.—M. F. Tarbox.

McDonough, Walnut Grove—Warm, favorable weather has improved the condition of corn, late corn will be saved; fall plowing progressing; threshing about finished; light crop of winter apples.—Dr. F. C. Semelroth.

Macoupin, Modesto—Plenty of rain; wheat seeding begun, but the acreage will be light; ground works fairly well; grapes being gathered, with fair yield; plums ripe; pastures good; fall plowing in progress.—H. Drum.

Mason, Kilbourne—No rain during week; everything favorable for the ripening of corn; preparations for wheat seeding in progress, and increased acreage will be sown; corn in average condition, but about ten days late.—T. R. Blunt.

Montgomery, Hillsboro—Week dry and favorable for corn and farm work; pastures improving.—E. J. File.

Morgan, Northville—No rain during week, nights cool, days warm; corn doing very well; some plowing done; pastures good; potatoes poor crop; fruit very scarce; very little wheat will be sown; most of the corn will be safe by Oct. 15.—B. F. Jones.

Peoria, Dunlap—Week rather cool for corn, which will not be safe from frost before Oct. 1, some not then; ground moist, fall plowing well advanced; grass being sown, but no fall wheat; no corn out for fodder or ensilage as yet.—Burton Rice.

REPUBLICAN PRIMARY—NO. 8.

A primary of the Republicans of district No. 8, Jacksonville precinct, will be held at the court house in the circuit room Thursday evening, Sept. 17, 1903, at 8 p. m., for the purpose of electing thirteen delegates to the county convention.

BIG STORE'S SECOND BIRTHDAY

Tuesday marked the second birthday of the W. L. Alexander Mercantile company's "Big Store" and it was a day memorable in the business history of Jacksonville. All day long the Jeffries Concert band was stationed in front of the store. Even in the afternoon the big electric sign was blinking and winking, and at night the entire square was lighted in honor of the celebration, several thousand incandescent lamps being used.

A year ago when the first anniversary of the store was observed Mr. Alexander determined to make it an annual event. That people have already commenced to look forward to the Alexander "Birthday Party" as a rare bargain day was proven by the immense number of visitors at the store yesterday.

In the morning the rain interfered a little with the attendance, but this was made up for later in the day when the atmosphere cleared. During the afternoon and evening hundreds flocked to the various departments of the great store in search of bargains—and they were found. In each department from six to twelve articles were offered at very great reductions and the visitors were not slow in buying. In the basement sandwiches (400 dozen of them) and coffee were given away. The coffee was of the famous seal brand made by Chase & Sanborn; for regular use there is no better coffee offered in the market. There is a richness about the flavor and aroma which make it rank among the very best. From a booth on the second floor Armour's Vigor was served and from still another booth some of Heinz' celebrated pickles. Everybody knows about "Heinz' Fifty-seven" and the visiting Tuesday all appeared to be appreciative pickle eaters. Yet the things enumerated do not complete the free list for generous packages of cereals and biscuits were given away, to say nothing of the attractive souvenirs. Big packages of "Force" were distributed and most

of the crackers were from the American Biscuit company.

Patronage during the afternoon was uniformly good and at night the store was filled, while hundreds gathered around the entrance listening to the band music. With the band playing, thousands of electric lights all about the square all ablaze and people thronging the store entrance the scene certainly furnished a bit of spectacular and extensive advertising. The bread prizes were announced in the evening and were as follows: First, in Little Duke flour, Mrs. Kate Carrigan; second, Mrs. Potter. First on Peacock flour, Mrs. P. Devlin; second, Mrs. L. M. Stout.

While the Big Store was counted an experiment by many people, its second successful year has just closed and the business of every department has shown a satisfactory increase. The departments are such that in the Big Store one can buy everything needed for the home. The stocks are all extensive and well selected and give the strongest evidence that Mr. Alexander is a wise, shrewd buyer and these qualities in buying contribute about 90 per cent to the success of such a business. Mr. Alexander attempted large things when he founded the department store, but he did not overestimate his strength and he knows every nook and corner of the big establishment and his forcefulness is in every department. He never does things by halves and the stupendous celebration of yesterday is in keeping with his way of doing things. Push, hustle, business grit and business judgment all belong to W. L. Alexander.

AT THE GRAND.

"Zig-Zag Alley" was presented at the Grand last night by W. E. Fleck's company. "Zig-Zag Alley" is a musical farce with lots of life in it and the audience enjoyed the three acts. The music is sprightly and the vaudeville features were such as to add greatly to the interest of the production. The company was capable.

CLEVELAND ON FISHING.
Grover Cleveland, who was with the members and guests of the Old Colony club at a banquet at the club, said that he had a special dispatch from the New York Times, dated the day of the day was a short humorous address he made. Mr. Cleveland said in part:

"For a number of years I have been honored with membership in the Old Colony club, but this is the first time that I have attended one of its banquets. Therefore I am full of gladness to be here and to be with the members of the Old Colony club and with their families."

"I hope that the club will persevere in its efforts toward the preservation of the Basses for the benefit of the fishing industry. I am willing to do all in the power of my hands to help out the benefits of the fish to the fishing industry. Within the past few years I have been widely feared and derided for spending too much of my time at fishing. For those who, like me, decide to have only a quiet and unqualified contempt for fishing because I like it, and I hope that I will continue to go fishing until as near the end of the chapter as possible."

"I should like to say right here that I am most interested in the protection of the fishing at Buzzards Bay, but about our heavy headed infant industries. I care more for these fishing interests than I do about the policy of the next federal administration. I hope that the Old Colony club will keep up its fight for the protection of the fisheries. Let there be no relaxation or compromise. Keep up the fight unceasingly."

"Perhaps some of you are aware that an interesting event has recently taken place in our domestic circle. I am proud to say that another fisherman has quite lately increased the population of Buzzards Bay by one. Now some people are in the habit of telling fish stories, and some people, notably a well known physician of my acquaintance, are accustomed to weigh their catch of fish on their own private scales. Although this happy event was not the occasion for telling any unusual yarns, I put my fish scales into requisition and weighed my latest catch honestly, and the tally was an even nine pounds."

Before the merriment had subsided the presiding officer, Joseph Jefferson, who had kept moving nervously about on his seat, rose to a point of order and stated dryly that it was "quite natural for the son of a fisherman to be weighed with scales."

City and County

Charles German, in the employ of
Tony Kenedy, is sick.

J. Herman was expected back last
night from Chicago, where he had
been on business.

Mrs. Richard Hopper returned
from Canton Tuesday, where she has
been the guest of Miss Pearl Wilkin-
son.

Miss Pearl Johnson has returned
to her home in Winchester after a
short visit, with Miss Lula Hopper
on South Prairie street.

J. Ross Frampton and Mrs. Will
Dutton, both of Pittsfield, have ar-
rived in the city to attend the
Frampton-Kirby wedding.

Miss Sadie Rule, who has been
spending the summer with her moth-
er here, has returned to Washington,
D. C., to again take up her duties
there.

Miss Ollie Brady has been chosen
organist at the Christian church; a
wise appointment, as the young lady
has shown her ability repeatedly
when taking the place of the regular
player.

At the poultry house of Ennis &
Co. there was a grand chicken pick-
ing contest Tuesday morning, when Ed
Lange, Joseph Bovea, John Jenkins,
George Thompson, Samuel Stubble-
field and John Holly contested for
the honors, which were won by the
last named, who picked 107 chickens
during the morning, the others rang-
ing as low as 73 and from that up.

To-day the public can see at
Herman's an entirely new line of
street hats.

ROYAL NEIGHBORS.

Star camp, No. 171 of the Royal
Neighbors held their regular meeting
Tuesday evening and after the trans-
action of the usual business a de-
lightful social hour was enjoyed. Lat-
er an adjournment was taken to Vick-
ery & Merrigan's ice cream parlors,
where an hour or more was spent
and an impromptu banquet served.
The occasion was indeed one of mer-
riment and the interchange of clever
repartee showed that the Royal
Neighbors are adepts in the art of
pleasantry.

THE DEATH RECORD.

DICKERSON.

Henry Dickerson died at midnight
Tuesday very suddenly from heart
disease at his home on Goltra avenue.
He was a blacksmith by trade and
had lived in Jacksonville a good many
years. His wife and several children
survive him.

FUNERALS.

CHRISTENSON.

The funeral of the late Mrs. John
Christenson, who died in Chicago,
was held Tuesday morning at the
Church of Our Savior, with services
in charge of Father Formaz. There
was a large attendance of sympathiz-
ing friends and relatives and the ser-
vice of low mass was said in a solemn
and impressive manner.

The bearers were: Jerry Clancy,
Mike White, James Harvey, James
Murphy, H. Rustmeyer and Jere-
miah Sweeney. Interment was in
Calvary cemetery.

TOWN.

The funeral of Miss Mildred Tonn
was conducted Tuesday morning at
the St. Peters church in Quincy in
the presence of a very large number.
The many beautiful flowers sent by
her friends bore silent testimony of
the high esteem in which she was
held. The bearers were: O. L. Donke,
James Wagner, Thomas Duffner,
Leo Machabon, of this city; Harry
Morrow, of Roodhouse, and Carl Law-
ler, of Quincy.

BLIND INSTITUTION

The school year at the Blind In-
stitute opened Tuesday auspiciously
and while the enrollment of the first
day was not quite as large as last
year, Superintendent Freeman ex-
pects the usual number of pupils be-
fore the end of the week. There are
but few changes in the faculty and
friends of the institution will be glad
to know that the same efficient corps
of instructors have been retained.
Mr. George R. Parker, of Cumber-
land county, who as pupil and teacher
has been connected with the institu-
tion for twenty-two years, has re-
signed his position as teacher in the
high school and has accepted a flat-
tering offer to become private tutor
of Alva Jess, a blind boy who resides
in Springfield and who formerly at-
tended the local institution. Mr.
Parker has been very successful in
his profession as a teacher and dur-
ing his recent residence here has
made many friends who will sincerely
regret to hear of his departure.

William Dancey, of Livingston
county, has been appointed to fill the
vacancy caused by the resignation of
Mr. Parker.

In the department of physical cul-
ture John Sybrant, of this city, suc-
ceeds D. M. Doreen, resigned, and
Mr. Woolston, of DuPage county, a
graduate of Wheaton college, suc-
ceeds Mr. Sybrant as boys' super-
visor.

A special train arrived over the
C. & A. at 3:40 Tuesday afternoon,
bringing the pupils from Chicago and
the north in charge of John Sybrant
and Harry Freeman. Owing to the
parade of the Forepaugh-Sells Bros.
circus in Chicago several blind pupils
were unable to cross the street in the
city and missed the special. They
arrived on the regular train later in
the evening, however.

Within two weeks all the educa-
tional institutions of the city will
have resumed work and the prospects
for an increased enrollment are very
bright, indeed.

The educational interests of the
city are growing in importance an-
nually and in every instance where
they have been fostered their return
not only in educational value, but in
dollars and cents has been large and
the commercial benefit to the mer-
chants and business men of the city
has been quite material.

AROUND THE WORLD

Enjoyable Tour Given by Cen- tenary People.

The members of Centenary church and
Sunday school gave another of their
grand tours around the world Tuesday
evening, which was largely attended and
the various arrangements made at each
stop whereby the conditions and cir-
cumstances known to that particu-
lar city were duplicated as near as possible
showed a great deal of preparation by
those in charge. This made this tour one
of the most successful yet given. Long
pink tickets resembling the transportation
coupons issued by the railroad companies,
with the exception that instructions for
keeping the piece were also printed
thereon, were given to all travelers en-
titled them to a stop-over of fifteen
minutes at each station, where refresh-
ments were served. The first stop was
made at Havana, Cuba, which was lo-
cated at the residence of Rev. A. L. T.
Ewert. Here the committee in charge
was Rev. and Mrs. A. L. T. Ewert, Dr.
and Mrs. H. L. Griswold, Mrs. Balfert,
Misses Zoe Tyrell and Belle Baldwin.
The decorations here consisted of flags and
banners and many articles peculiar to
that country were on exhibition, while
at the refreshment stand could be found
chicken sandwiches, pickles and Cuban
coffee.

After a short stop at this Cuban town
the party went down into Jerusalem,
high atop Palestine and entered the house
of T. H. Curtis. Here Mr. and Mrs. T. H.
Curtis, Mr. and Mrs. E. L. Kinney, Miss
Alta, Mrs. Morrison and Mrs. George
Chambers had arranged an old eastern ex-
hibit, which had every ear mark of the
olden times. Costumes and decorations
were thoroughly eastern and refreshments
served consisted of goats' milk, olives,
dates and salmon salad.

At this point the travelers embarked for
Ceylon, India, which brought them to the
Woman's college, where the Misses Har-
ker, Misses Inez and Minnie Huckleby,
Elizabeth Mathers, Mr. and Mrs. A. G.
Baldwin, Mr. and Mrs. Kelley, Mrs. W. L.
Kandel, Charles Rapp and Wilbur Allen
were in charge of all affairs. Here
the decorations were black and
white and many oriental costumes added
greatly to the attractiveness at this place.
Tea and wafers were served.

At the home of F. L. Ledford the city
of Honolulu was located and Mrs. Led-
ford, Misses Mamie Arenz and Boyd and
W. C. Green had charge. Here red and
white flags hung in profusion and many
Chinese effects were on exhibition. Pop-
corn balls and grapes were served here.

The last port made was San Francisco,
which was located in Centenary church,
where Mr. and Mrs. T. H. Buckthorpe,
Misses Edith Plowman, Thompson,
Alleen Arenz, Martha Pocock, Carrie
Ewert, Josephine Halgrove, Clara Fin-
lay and Anna Goodrick had charge of ar-
rangements, where the national colors
were used for decorating purposes and ice
cream and cake were served.
At each station large transparencies
were located in the yards to guide the
guests. Dr. H. L. Griswold was general
superintendent and much credit is due
him for the success of this tour.

The sale of early fall street
hats has been so great at millin-
ery store of J. Herman's that
he has been obliged to go to
market for more.

IN HONOR OF MISS KIRBY.

Dr. and Mrs. Carl E. Black enter-
tained the members of the Frampton-
Kirby wedding party at 6 o'clock din-
ner yesterday and during the evening
fifty or more relatives and friends of
Miss Kirby gathered there to give
her a kitchen rush. Each guest took
some article that will prove of use in
Miss Kirby's home, and socially the
occasion was one of great pleasure.

AT DECATUR

Labor Day Celebration a Grand
Success—Monster Parade—
700 Go From Here.

About 700 excursionists took advantage
of the low rates to Decatur on account
of Labor day and 300 members of the
local trades union were among the num-
ber and participated in the grand parade
which took place in Decatur. The going
and returning trips were uneventful.

Arriving at Decatur the local marchers
were just in time for the parade, which
moved promptly at 10:40 and was one hour
and thirty minutes passing a given point.
Arthur Kessler, of Engineers' union
No. 199, of this city, was one of the grand
marshals, and mounted on a fine charger
he made a handsome appearance. Fol-
lowing the marshals came the platoon of
police, followed by Jeffries Concert band
and the Jacksonville delegation.

The celebration was held at Fairview
park and there were addresses afternoon
and evening. During the day games and
music furnished a part of the program.

Jacksonville won its share of the prizes
offered. Fifteen dollars offered for the
biggest outside delegation was won. Tim
Riley was awarded \$3 as being the largest
man in the parade and Henry Bucklett
walked off with a sack of flour by winning
one of the races.

The visitors were royally received and
entertained by the Decatur committee
and every prearranged agreement was
faithfully carried out.

The speakers were Judge Owen P.
Thompson of this city, Frank Morrison,
secretary of the A. F. of L. of Washing-
ton, Hon. David Ross, of Springfield, and
Attorney O. C. Adams, of Decatur.

Judge Thompson's address was a very
strong effort and his remarks were well
received. On behalf of the local union
he extended an invitation to the Decatur
laboring men and in fact all delegations
present to come to this city in 1901, when
it is planned to have a monster celebra-
tion in keeping with the traditions of the
day. E. W. Barkman, for the Decatur
Trade and Labor Assembly, accepted the
invitation.

The trip was in every way a grand suc-
cess and was thoroughly enjoyed by all.
The returning train arrived in the city
at 1:15 a. m. Tuesday.

READY FOR BUSINESS

Stove, Furnace, Tin Roofing
and General Sheet Metal
Work; Geo. W. Fox.

All persons well know the veteran
George W. Fox, who has devoted the
best of his life to the business of
putting up all kinds of sheet metal
work, such as tin roofing, guttering
and spouting; also furnace work is
a specialty with him, and all kinds of
tin and iron pipes and elbows are
turned out and put up by the man
who has been so long at the trade. He
is still prepared, at his shop on West
street between State and Morgan, to
execute all orders entrusted to his
care. It is always a good thing not
to wait till the last moment, but have
your furnace pipes put in order while
it is yet warm. If you have a stove
to repair or set up or any kind of
stove and tin work to do, go to Mr.
Fox.

BY LIGHTNING

Big Killam Barn Near Mark-
ham Destroyed This Morn-
ing.

The large barn on the farm of
Mrs. Killam, one and a half miles
from Markham, was struck by light-
ning at 1 o'clock this morning and
burned to the ground. Fred Killam
lives on the farm and succeeded in
saving his horses and harness, but
all the other contents of the struc-
ture, including grain and hay, burn-
ed. The barn was large and well
built and cost originally about \$1,800.
There was \$800 insurance on it.

THE MINING CONGRESS.

Deadwood, S. D., Sept. 8.—Secretary of
Treasury Shaw was the principal speaker
at the mining congress to-day. He was
given a warm welcome by the delegates,
who frequently applauded his statements
and at the close gave him an ovation.
The congress also unanimously elected
him an honorary member and appointed
a committee to draft resolutions thank-
ing President Roosevelt for his recognition
of the congress in sending Shaw to rep-
resent him before it and an engrossed copy
is to be sent the president.

SELIGMAN BROS. GRAVEL SPRINGS WATER

The Purest
And Most Popular.

This water is so pure it will not
change color like other spring water,
nor has it a foreign taste by stand-
ing long in a jar.

We also handle a full line of Cof-
fees and Teas at reasonable prices.

We also sell sugar in a retail way
at wholesale prices.
